

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_122873
Title of the Manuscript:	A review on molecular mechanism of plant immunity against fungal pathogens.
Type of the Article	Review Report

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The manuscript represents a important contribution to biology in the academic articles. It highlights findings and experiments of new results with a detailed explanation to readers.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is suitable but needs formatting to academic english.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract has a substantive description and follows the format of a report.	
Are subsections and structure of the manuscript appropriate?	The subsections and structure need revision. Author should check comments on paper.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The scientific correctness involved an experiment with a species identified and method of experiment completely described for reproduction of the methods.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are current but needs updating. Some are representing articles already established in the academic knowledge.	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	The English is well-written and observes the sentence structure and proof-read.	
Optional/General comments
