

Review Form 3

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_123630
Title of the Manuscript:	Adoption of Cold reeling, as a tool of selection in breeding of “Nistari” a multivoltine breed of mulberry silkworm (Bombyx. mori) in West Bengal, India.
Type of the Article	Original Research Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer’s comment	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The silk fiber quality and quantity depends on the size and robustness of the cocoon. The higher the filament length, higher is the yield of the silk. The technical research work presented by the authors has a pertinent issue, appropriate research methods and the ability to make a valuable contribution to the field of studies	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, Title is very much suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Are subsections and structure of the manuscript appropriate?	Yes, It is very much appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	I request all the authors to rewrite the table heading. There is no any separate column of male and female filament length. Moreover, there is no any fig 1, 2, 3& 4 in the manuscript. Yes, It is technically sound but should include some or more potentiality for the future.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, can include some recent references. Authors’ should follow journal's criteria to write the references eg. Journal names, DOI etc..	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	Yes, but minor grammatical mistakes should be corrected.
