

Review Form 3

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_123028
Title of the Manuscript:	Effect of NPK and growth regulators on growth and development of wheat (Triticum aestivum L.)
Type of the Article	Research Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Wheat is the staple food. To explore the productivity of the wheat is the need of the hour as population is exploding. Fertilizer role on the growth and production of wheat is very important.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract needs improvement. The abbreviations should be elaborated. The soil was clayed?	
Are subsections and structure of the manuscript appropriate?	Yes, Add one or two paragraph about importance of fertilizers in crops production especially wheat production. But please add a subsection in methodology section regarding your treatment plans and explain it.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	It is acceptable but need some additions. Importance of fertilizer and plant growth regulatos is missing. Please add a table in which more parameters to be added. Like plant population and plant height etc can be combined in one paragraph.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References must be updated as there are many references in 90s.	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	The soil of the experimental site was clayed in texture MATERIALS AND METHODS This chapter deals with a concise description of materials used and the techniques adopted during the course of investigation. It needs proof reading as well	
Optional/General comments
