Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write few sentences regarding the importance this manuscript for scientific community. Why do you like (or dislike) this manuscript? Minimum 3-4 sentences may be required for this part.	Rootstock plays important part as yield and sensory qualities are much influenced by rootstock. I found sensory evaluation with hedonic scale lacking in this study. Without such study the works seems incomplete.	
Is the title of the article suitable? (If not please suggest an alternative title)	Its okay	
Is the abstract of the article comprehensive? Do you suggest addition (or deletion) of some points in this section? Please write your suggestions here.	One line on conclusion not the result need to be added	
Are subsections and structure of the manuscript appropriate?	Table 3 has been given less importante as separate section for each parameter lacking	
Please write few sentences regarding the scientific correctness of this manuscript. Why do think that this manuscript is scientifically robust and technically sound? Minimum 3-4 sentences may be required for this part.	This ms seems incomplete and It needs addition of some more research and heavy rewriting	
Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.	OK	
Minor REVISION comments Is language/English quality of the article suitable for scholarly communications?	Need to rewrite to meet the standard as I suggested	
Optional/General comments
