Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Presentation of annular pancreas is mostly in newborn period. Adult presentation is very rare. I like this case report because of its rare presentation in adult.	
Is the title of the article suitable? (If not please suggest an alternative title)	I think title should be changed. It is too long. Annular Pancreas causes duodenal obstruction so gastric outlet obstruction should not be title. Duodenal obstruction due to annular pancreas in adult—A rare case report will be more appropriate.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Nicely written abstract. Minor change is required. Type of vomiting like bilious or nonbilious should be mentioned.	
Are subsections and structure of the manuscript appropriate?	yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound?
