

**Review Form 3**

Journal Name:	<b>Asian Journal of Research in Medical and Pharmaceutical Sciences</b>
Manuscript Number:	<b>Ms_AJRIMPS_123589</b>
Title of the Manuscript:	<b>Antimicrobial resistance and its effects on cancer treatment: A challenge to modern medicine</b>
Type of the Article	<b>Literature review</b>

## Review Form 3

### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p><b>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</b></p>	<p>The review provides a broad examination of how AMR impacts various aspects of cancer care, from treatment efficacy to healthcare costs. This comprehensive approach helps researchers and clinicians understand the full scope of the problem.</p> <p>By bridging the fields of oncology, microbiology, and public health, the manuscript highlights the need for collaborative efforts to address AMR in cancer care. This interdisciplinary perspective is crucial for developing effective solutions.</p> <p>The review identifies gaps in current knowledge and suggests areas for future research, particularly in emerging fields like immunotherapy and precision medicine. This can help guide research priorities in the field.</p> <p>The manuscript discusses practical strategies for addressing AMR in oncology settings, making it valuable for clinicians and healthcare administrators looking to implement antimicrobial stewardship programs.</p>	
<p><b>Is the title of the article suitable? (If not please suggest an alternative title)</b></p>	<p><b>No it isn't</b>            Suggestions            1. "Antimicrobial Resistance in Cancer Care: A Comprehensive Literature Review of Challenges and Strategies"            2. "The Impact of Antimicrobial Resistance on Cancer Treatment: A Systematic Review of Current Evidence and Future Directions"</p>	
<p><b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b></p>	<p><b>It is ok</b></p>	
<p><b>Are subsections and structure of the manuscript appropriate?</b></p>	<p><b>Yes. Although</b> certain sections, such as the discussion of emerging trends, could benefit from more in-depth analysis and critical evaluation of the presented information.</p>	
<p><b>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</b></p>	<p>The manuscript makes a valuable contribution to the field by synthesizing a large body of research on a complex and important topic. Its comprehensive approach and focus on practical implications make it a potentially useful resource for both researchers and clinicians working at the intersection of cancer care and antimicrobial resistance.</p>	
<p><b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b></p>	<p><b>Yes they are ok except for one 1988 (ref 110) which needs to be changed</b></p>	
<p><u>Minor</u> REVISION comments</p> <p><b>Is the language/English quality of the article suitable for scholarly communications?</b></p>	<p>Yes</p>	
<p><u>Optional/General</u> comments</p>	<p>I have placed my review comments within the manuscript itself. The author should view them and address them</p>	

**Review Form 3**

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>	

**Reviewer Details:**

Name:	<b>Osiogun U. Emmanuel</b>
Department, University & Country	<b>Dr. Hilla Limann Technical University, Ghana</b>
