

Review Form 3

| | |
|--------------------------|--|
| Journal Name: | Asian Journal of Research in Medical and Pharmaceutical Sciences |
| Manuscript Number: | Ms_AJRIMPS_123589 |
| Title of the Manuscript: | Antimicrobial resistance and its effects on cancer treatment: A challenge to modern medicine |
| Type of the Article | Systematic review |

PART 1: Review Comments

| Compulsory REVISION comments | Reviewer's comment | Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|--|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part. | I liked manuscript because antimicrobial resistance is exploding. So any attempt specially scientific researches can help to experts and governments to minimise antimicrobial resistance, in cancer patients also. | |
| Is the title of the article suitable? (If not please suggest an alternative title) | Yes | |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here. | Comprehensive | |
| Are subsections and structure of the manuscript appropriate? | Appropriate | |
| Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part. | As this manuscript has used scientific literatures from standard databases and duration of study is also good, it is scientifically robust. for correction in this manuscript, I am commenting in – “Optional/ General comments” section. | |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. | Sufficient and recent | |
| Minor REVISION comments | | |
| Is the language/English quality of the article suitable for scholarly communications? | yes | |
| Optional/General comments | 1.In methodology author has mentioned a period of research from year 2010 to 2024, but as year 2024 , is running there should be any specific month from 2024,when study had been concluded. Start of 2010 can be accepted if not mentioned any month otherwise. 2. it would be better if author can add data/numbers of scientific literatures he used from different databases, also number of literatures from individual databases. | |

Review Form 3
