

**Review Form 3**

Journal Name:	<b>Journal of Experimental Agriculture International</b>
Manuscript Number:	<b>Ms_JEAI_123506</b>
Title of the Manuscript:	<b>Evaluation of phyto-extracts for the management of alternaria leaf spot of black gram (<i>Vigna mungo</i> L.) caused by <i>Alternaria alternata</i> (Fr.) Keissler</b>
Type of the Article	<b>Evaluation of botanicals extracts for the management of <i>Alternaria</i> leaf spot of black gram (<i>Vigna mungo</i> L.)</b>

## Review Form 3

### PART 1: Review Comments

<b>Compulsory</b> REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</p>	<ol style="list-style-type: none"> <li>1. It is not clear for which crop the experiment is carried out because in title there is black gram and in observation recording there is name of green gram</li> <li>2. It is not seeming results are right because botanicals extract could not control more than any chemical fungicides</li> <li>3. Chemicals always higher effectively control any disease in botanical the chemical bonds are not too much free to react with pathogen</li> <li>4. References are not fully described in discussion and conclusion only the authors cited in statement</li> <li>5. Not important study because it had been known and already in literature</li> </ol>	
<p>Is the title of the article suitable? (If not please suggest an alternative title)</p>	<p>Evaluation of botanicals extracts for the management of Alternaria leaf spot of black gram (<i>Vigna mungo</i> L.)</p>	
<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>Not much appropriated need extends and rewrite again</p>	
<p>Are subsections and structure of the manuscript appropriate?</p>	<p>Not fully rewriting needed</p>	
<p>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</p>	<ul style="list-style-type: none"> <li>✓ It is not clear for which crop the experiment is carried out because in title there is black gram and in observation recording there is name of green gram</li> <li>✓ It is not seeming results are right because botanicals extract could not control more than any chemical fungicides</li> <li>✓ Chemicals always higher effectively control any disease in botanical the chemical bonds are not too much free to react with pathogen</li> <li>✓ References are not fully described in discussion and conclusion only the authors cited in statement</li> <li>✓ Not important study because it had been known and already in literature</li> <li>✓ Need mang grammatically mistakes</li> </ul>	
<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>	<p>Need review in details on Zayid crop season review on Alternaria and temperature from March to June and pathogen life cycle</p>	
<p><b>Minor</b> REVISION comments</p> <p>Is the language/English quality of the article suitable for scholarly communications?</p>	<p>Need data analysis</p>	
<p><b>Optional/General</b> comments</p>	<p>After review it could be published in short notes or communication</p>	

**Review Form 3**

**PART 2:**

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
