Title of the Manuscript:	Gene Editing for Disease Resistance in Crops: Success Stories and Challenges
Type of the Article	

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	The paper summarizes a comprehensive approach of gene editing in crop science. It is important for researchers to familiarize with this technique and do much more using this.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, the title is sufficient for this publication.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It is suitable for this publication. All key items are discussed in this section.	
Are subsections and structure of the manuscript appropriate?	Appropriate section structure.	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	While this may attract new researchers, this paper should also incorporate figures that could be used in delivering the text they want to convey. I suggest that the researchers may add graphics.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are okay!	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes.	
Optional/General comments	I just request to add figures so that text will be translated to pictures, and it will be visualized by the readers easily.
