| Journal Name: | Asian Journal of Education and Social Studies |
| Manuscript Number: | Ms_AJESS_123077 |
| Title of the Manuscript: | The Effect of Sports on Life Skills: An Experimental Study on Parents Who Enable Their Children to Participate in Sports Activities. |
| Type of the Article | Original Research Article |

Review Form 3

PART 1: Review Comments

| <u>Compulsory</u> REVISION comments | Reviewer's comment | Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|---|--|--|
| <p>Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.</p> | <p>The manuscript addresses a wide range of benefits associated with life skills training and sports, including improvements in teamwork, goal setting, time management, cognitive and emotional skills, and social relationships.</p> | |
| <p>Is the title of the article suitable? (If not please suggest an alternative title)</p> | <p>The title suggests that the study is experimental, but it doesn't clearly convey whether the focus is on the children's life skills development or the parents' role in enabling sports participation.</p> <p>The title is a bit lengthy and could be more concise while retaining its meaning.</p> <p>Suggested Revision: "Assessing the Impact of Sports Participation on Children's Life Skills: A Study on Parental Influence"</p> | |
| <p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p> | <p>The study is well-structured and methodologically sound, with clear aims, appropriate design, and robust data analysis. The findings contribute valuable insights into the role of parental sports background in the development of children's life skills. To further enhance the study, a more detailed discussion of the implications and potential applications of the results would be beneficial.</p> | |
| <p>Are subsections and structure of the manuscript appropriate?</p> | <p>Yes</p> | |
| <p>Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.</p> | <p>The text provides a well-rounded discussion on the role of life skills training and sports in youth development, supported by relevant research. With improvements in organization, reduction of repetition, and enhanced citation details, it could become a more effective and reader-friendly piece.</p> | |
| <p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p> | <p>Yes</p> | |
| <p><u>Minor</u> REVISION comments</p> <p>Is the language/English quality of the article suitable for scholarly communications?</p> | <p>Yes</p> | |
| <p><u>Optional/General</u> comments</p> | <p>The study is well-structured and methodologically sound, with clear aims, appropriate design, and robust data analysis. The findings contribute valuable insights into the role of parental sports background in the development of children's life skills. To further enhance the study, a more detailed discussion of the implications and potential applications of the results would be beneficial.</p> | |

Review Form 3

PART 2:

| | Reviewer's comment | Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|---|--|---|
| Are there ethical issues in this manuscript? | <i>(If yes, Kindly please write down the ethical issues here in details)</i> | |
