PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	Endometriosis is a common condition and review of literature is useful to know	
Is the title of the article suitable? (If not please suggest an alternative title)	The word true Prevalence is misleading. The published articles could have bias and the collection of information will not be consistent. Prevalence of endometriosis: A review of literature data should be a sufficient title	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Here again the word true could be removed	
Are subsections and structure of the manuscript appropriate?	Presentation of the summary of the results in a tabular form would be helpful	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	It is a simple straightforward analysis	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments Is the language/English quality of the article suitable for scholarly communications?	The language is fine	
Optional/General comments	Please change the title and add a Table	

PART 2:
