Review Form 3

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript is important for the scientific community as it offers a detailed evaluation of land dispute resolution mechanisms in Liberia, highlighting the effectiveness of traditional methods over statutory systems and their complementary nature. Its empirical approach and focus on the socio-political aspects of land disputes provide valuable insights for improving land governance and policy	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, The abstract is comprehensive, but it could benefit from a few enhancements for clarity and completeness.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	The manuscript is scientifically robust due to its empirical and comparative approach, comprehensive data collection from 110 Farmer households, and thorough examination of various aspects of land disputes, leading to well-supported conclusions on the effectiveness and complementarity of traditional and statutory resolution methods.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Ok	
Optional/General comments
