

Review Form 3

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_128009
Title of the Manuscript:	Counterfeit Anabolic Steroids in Brazil: A Forensic Perspective on Quality and Risks
Type of the Article	MiniReview Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The subject is very important as the use these supplements is increasing misused among the young adults for different purposes. They used the AAS without prescription because they can purchase them online. The advertisements are free through different social media. These substances if they are hormones have many side effects if used in overdose and without prescription, and if they are derived from other sources, they are also have dangerous effects and interactions that leads to serious consequences	
Is the title of the article suitable? (If not please suggest an alternative title)	Anabolic androgenic steroids: Their Prevalence and Abuse in Brazil: A review article	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The aim of the review is not clear in the abstract. The author concentrate on the chemical composition of these counterfeit products while the side effects and the consequences of their use were not mentioned in the study.	
Is the manuscript scientifically, correct? Please write here.	The article needs to add scientific information about these hormones in brief,their pharmacological actions and their clinical uses and main side effects. The aim should be written after the introduction. In the method there is repeating words(counterfeiting drugs)	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The article needs more references about the pharmacology and toxicology of these hormones	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments
