PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The subject of the review is very important. Knowledge regarding RS, GIS, GPS, etc needs wider publicity. Knowledge-based use of such aides can save lots of resources, time and money. From this point of view, the article is very relevant.	
Is the title of the article suitable? (If not please suggest an alternative title)	Not very appropriate. Rather a title like "Integration of RS, GIS and GPS for Precision Farming" may be considered.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Few facts and figures distinguishing the conventional farming and precision farming should be included. Moreover, changes in PF owing to incorporation of latest technologies may also be included.	
Is the manuscript scientifically, correct? Please write here.	Yes. However, the matter mentioned in the Conclusions paragraph should be shifted to the discussion part and a precise and concise conclusion should be written afresh.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The citations are neither in alphabetical nor in chronological order. Could not trace few references.	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments	The article needs thorough revision.
