

Review Form 3

Journal Name:	Asian Journal of Education and Social Studies
Manuscript Number:	Ms_AJESS_128023
Title of the Manuscript:	The role of Information Technology in the Conservation of Intangible Cultural Heritage, at Bagamoyo Tanzania.
Type of the Article	REVIEW

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript is significant for the scientific community as it underscores the transformative role of information technology in the conservation of intangible cultural heritage, particularly in the context of Bagamoyo, Tanzania. By highlighting tools such as GIS, 3D laser scanning, and digital archiving, it bridges the gap between traditional conservation methods and modern technological innovations.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is focused on its clarity and readability.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive and covers the key elements of the study, including its purpose, methodology, findings, and recommendations.	
Is the manuscript scientifically, correct? Please write here.	The manuscript appears scientifically correct as it is grounded in a robust methodology and provides evidence-based findings. It uses a quantitative approach with clear data collection methods (questionnaires and observations) and appropriate analytical tools (SPSS for statistical analysis).	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references given are sufficient	
Is the language/English quality of the article suitable for scholarly communications?	The English quality of the article is good	
Optional/General comments	Adding a section on future research directions, such as exploring specific IT tools in other regions or intangible cultural heritage forms, would broaden the study's relevance.	

Review Form 3
