Title of the Manuscript:	<b>An Analysis of the Relationship Between Academic Achievement and Self-Concept Among B.Ed Students</b>
Type of the Article	

#### **PART 1: Comments**

	<b>Reviewer's comment</b>	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b>	The manuscript explores the possible connection between self-concept and academic performance among B ed students. This investigation contributes to the broader academic discourse surrounding self-concept, which is recognized as a multifaceted construct. There is a pressing need for further research in this area to illuminate this often-overlooked dimension of learners and to bolster their academic potential, as understanding students' self-perceptions remains a complex endeavour.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	<b>The title of the article is suitable.</b>	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	The abstract of the article is comprehensive still it needs some corrections mentioned to the author.	
<b>Is the manuscript scientifically, correct? Please write here.</b>	The manuscript requires additional corrections and improvements to ensure scientific accuracy, particularly in the introduction, which lacks clarity and fails to articulate specific research questions or methodology. The methodology section necessitates a more detailed description of the research design, instruments utilized, and the data collection procedures. Furthermore, the analysis section should be organized into distinct themes. Additionally, a discussion and recommendations should be included to enhance the overall quality of the work.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	The references provided are somewhat adequate; however, they require enhancement through substantial research on the relationship between self-concept and academic achievement. The author has cited several references that are not included in the work, as well as others that are not properly acknowledged in the reference list. The author needs to consolidate the literature review by utilizing other resources, including, books, conference proceedings, and recent updates.	
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	The quality of English in the article is, to a certain degree, appropriate for academic discourse.	
<b>Optional/General</b> comments
