Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_128309
Title of the Manuscript:	Forest Dynamics and Diversity Assessment through Permanent Plot Inventories in Yellapur Forest Division
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript entitled "Forest Dynamics and Diversity Assessment through Permanent Plot Inventories in Yellapur Forest Division" is important to the scientific community as it contributes to the understanding of ecological change and the areas of biodiversity conservation over the longer time intervals. Looking into the dynamics of forests using permanent plots, it assists in managing forest ecosystems in a sustainable manner and addressing environmental concerns in an informed manner.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes Or the author may modify into " Assessment of Forest Composition, Structure, and Biomass Dynamics Using Permanent Plot Inventories in Yellapur Forest Division "	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Guided with the things to consider as the content in crafting research abstract, the research abstract meets all of those requirements and it is YES . <i>Author may present 1 sentence describing the pressing problems or issues regarding the focus of the study before the 1st sentence of the research abstract.</i>
