

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_127545
Title of the Manuscript:	History and Therapeutic Benefits of Honey
Type of the Article	Review Article

PART 1: Review Comments

Compulsory REVISION comments	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript provides a comprehensive exploration of the history and therapeutic benefits of honey, highlighting its enduring relevance across cultures and medical practices. The work underscores honey's role in addressing contemporary challenges such as antimicrobial resistance and chronic disease management, making it an important contribution to ongoing research and innovation in the scientific community.	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Abstract is comprehensive	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This manuscript is scientifically robust and technically sound due to its comprehensive integration of historical accounts and evidence-based research. It meticulously references peer-reviewed studies to validate honey's therapeutic properties, such as its antimicrobial, anti-inflammatory, and antioxidant effects.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. :-	There is a lack of references in introduction. Incorporate references there Under the section "History of Honey" only this reference is repeated many time Nayik et al., 2014; Bhatta, 2022. Add any other references In References Listall corrections written in red colour where needed Correction is also required in authors name of many references Page # ,volume and name of Journal is missing in many references	

Review Form 3

Minor REVISION comments		
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	This manuscript provides a thorough and insightful overview of the history and therapeutic benefits of honey, effectively bridging traditional knowledge and modern science. The writing is clear, engaging, and well-structured, making the information accessible to a broad audience. It successfully emphasizes the relevance of honey in addressing contemporary health challenges, particularly in the context of natural remedies and antimicrobial resistance	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
