Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This is a case report of a well-known syndrome. Although the syndrome is rare, it should be in mind for any paediatric cardiologist or cardiologist caring congenital heart diseases. ASD repair in childhood can prevent pulmonary hypertension and atrial arrhythmia in the patient at older age.	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Keywords should be chosen bases on MeSH database. Besides ACHD is abbreviation and not suitable.	
Is the manuscript scientifically, correct? Please write here.	Yes, it is.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	yes	
Is the language/English quality of the article suitable for scholarly communications?	yes	
<u>Optional/General</u> comments	Please define why the ASD was not repaired in childhood. As it was diagnosed previously and closure in childhood could prevent atrial fibrillation in this patient.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
