Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript addresses the significant challenges facing guidance and counselling services in secondary schools, particularly in Adamawa State, Nigeria. The findings have implications for improving counsellor training, administrative support, and the integration of parental involvement. This research contributes to bridging gaps in the educational system and offers actionable recommendations for stakeholders in the education sector.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is appropriate and clearly reflects the content and scope of the study.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract provides a comprehensive summary of the study, including objectives, methodology, findings, and recommendations	
Is the manuscript scientifically correct? Please write here.	The manuscript is scientifically robust, with a clear methodology and appropriate statistical analyses (e.g., t-tests and ANOVA). The study design aligns with the objectives, and the results are logically interpreted.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient and include recent and relevant studies	
Is the language/English quality of the article suitable for scholarly communications?	The language is mostly suitable for scholarly communication. Minor grammatical adjustments are recommended to improve readability and flow.	
Optional/General comments	<p>Discussion: The discussion section provides a clear interpretation of the findings. However, it could be expanded to explore how the results relate to broader educational policies in Nigeria, such as the National Policy on Education, to provide a more comprehensive context.</p> <p>Conclusion: The conclusion effectively summarizes the key findings of the study. To enhance its impact, a stronger emphasis on policy-level implications—particularly how the recommendations could inform state and national education strategies—would be beneficial.</p>
