Title of the Manuscript:	Estimation of genetic variability and heritability in bitter gourd for yield and quality under sodic soil
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Bitter gourd traditionally grown as vegetable for its nutritional and medicinal value shows potential as a crop that can tolerate moderate sodic conditions. So, this study was conducted to assess the variability in bittergourd genotypes for better yield and quality under sodic soils.	
Is the title of the article suitable? (If not please suggest an alternative title)	Need to be revised as suggessted	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Adequate	
Is the manuscript scientifically, correct? Please write here.	Suitable, its breeding trial on identify the genotypes of bitter gourd for further study	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Adequate and included the recent	
Is the language/English quality of the article suitable for scholarly communications?	Adequate	
Optional/General comments	One year study, Editor may decide whether publish short or full paper PLEASE SEE ATTACHMENT
