PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript addresses a critical challenge in the management of unaccompanied minor refugees: the reliable and transparent assessment of age. Accurate age determination is essential for ensuring appropriate legal protections, access to social services, and the safeguarding of minors' rights. By integrating blockchain functionality into age assessment monitoring, this research offers a novel solution to enhance transparency, data security, and trust in the process. The study contributes to the scientific community by introducing an innovative, technology-driven framework that can improve humanitarian responses while addressing ethical concerns related to data privacy and tampering.	
Is the title of the article suitable? (If not please suggest an alternative title)	Enhancing Age Assessment Monitoring for Unaccompanied Minor Refugees Using Blockchain Technology
