### Review Form 3

#### PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.</b>	The development and analysis of carrot powder-enriched pasta is important because it merges nutritional science, food technology and sustainability to create a healthier, more sustainable food option. It offers innovative solutions to address public health concerns, improve diet quality and promote environmental sustainability by reducing food waste. For the scientific community, it provides a unique opportunity to explore new ways of enhancing the nutritional value of everyday foods while also considering consumer acceptance and sensory qualities. Increase dietary intake of vitamins and minerals, especially for populations with insufficient access to fresh vegetables. Promote health benefits like improved vision (due to the high beta-carotene content) and better immune function. Address micronutrient deficiencies in specific populations, such as children or the elderly, who may be at risk for conditions like vitamin A deficiency.	
<b>Is the title of the article suitable? (If not please suggest an alternative title)</b>	No, instead of this DEVELOPMENT AND ANALYSIS OF CARROT POWDER ENRICHED PASTA, I will suggest Development and evaluation of Carrot Powder-Enriched Pasta for Improved Dietary Health	
<b>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</b>	No, but everything should be in standard format and results should be in past tense sentences	
<b>Is the manuscript scientifically, correct? Please write here.</b>	Yes, The manuscripts scientifically, correct. This development represents an opportunity to innovate in the pasta and processed food sectors. Carrot powder-enriched pasta can serve as a marketable product that appeals to:Health-conscious consumers looking for alternatives to traditional pasta that provide added health benefits.The growing demand for plant-based foods, especially as people shift towards diets that are rich in vegetables and plant-derived ingredients.	
<b>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</b>	Not undergone latest reference	
<b>Is the language/English quality of the article suitable for scholarly communications?</b>	It should be scientific format and some grammatical mistakes and spelling mistakes are there	
<b>Optional/General</b> comments	3.2 Nutritional composition of developed past instead of this  Nutritional composition of developed pasta	

#### PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
