Manuscript Number:	Ms_JAMCS_127395
Title of the Manuscript:	Hierarchic control for a two-stroke linear system with missing data
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	In this paper, the authors present a study of the hierarchical control problem for a two-time linear missing data problem, attached to an age- and spatially structured single-species population dynamics problem. The paper is well written, the mathematical formulation is correct and well detailed, the theoretical framework is sufficient and adequate, and the results contribute to the body of knowledge.	
Is the title of the article suitable? (If not please suggest an alternative title)		
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes!
