

Review Form 3

Journal Name:	Journal of Complementary and Alternative Medical Research
Manuscript Number:	Ms_JOCAMR_128287
Title of the Manuscript:	Results of Chemical and Pharmacological Study of the Mongolian Traditional Prescription "Indra-4"
Type of the Article	Research

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	It bridges the gap between traditional medicine and modern pharmacological research by identifying bioactive compounds and elucidating their potential therapeutic effects. Such studies contribute to the validation and integration of traditional remedies into evidence-based medicine, offering new avenues for drug discovery and the development of novel treatments.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes , It should clearly describe the purpose of investigating "Indra-4," outline the chemical and pharmacological techniques used, and highlight the bioactive compounds or therapeutic effects identified.	
Is the manuscript scientifically, correct? Please write here.	Robust experimental data, including proper controls and statistical analyses, must support the identification of bioactive compounds and their pharmacological effects. Furthermore, the interpretation of results should be consistent with established scientific principles, and any conclusions drawn should be evidence-based.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Add more relevant recent references	
Is the language/English quality of the article suitable for scholarly communications?	Need to improve the grammar & pronunciation	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
