Title of the Manuscript:	ATTRACTION OF SUCKING PESTS ON DIFFERENT COLOURED STICKY TRAPS IN Bt COTTON, <i>Gossypium hirsutum</i> L.
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The subject covered by the candidate is very interesting, given the importance of the bioaggressors studied. Aphids, whiteflies, jassids and thrips are considered to be serious pests on cotton crops and can cause significant yield losses. The search for preventive control methods, such as the use of colored traps, can be considered a recommended solution.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is clear and summarizes the study's results in an easily understandable manner.	
Is the manuscript scientifically, correct? Please write here.	The manuscript is scientifically acceptable, as it presents valuable data on significant pests affecting cotton plants, which can serve as formidable vectors for viral diseases that impact the yields of this crop.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are fairly recent and pertain directly to the subject addressed in this study.	
Is the language/English quality of the article suitable for scholarly communications?
