Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This study is scientifically important because it adds to the understanding of how urbanization affects rural employment, wages, and livelihoods, provides valuable data for policy formulation, and contributes to the broader discourse on rural-urban disparities and sustainable development.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is suitable but could add about the comparative study between villages.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is comprehensive and gives the reader an idea about the complete article.	
Is the manuscript scientifically, correct? Please write here.	Yes it is scientifically correct. But according to me more details about survey can be provided.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References :more recent references can be added	
Is the language/English quality of the article suitable for scholarly communications?	Grammar needs to be improved like tenses and spellings.	
<u>Optional/General</u> comments	Conclusions suggestions and recommendations can be added .	

PART 2:
