Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

**Review Form 3**

**PART 1: Comments**

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	I believe that this action research paper may be invaluable to teachers within the context of Bhutan who may face similar situations. This research, which is done at a small scale, within a classroom can be a model for other teachers to follow. However, it is hoped that more attention is paid to writing the research methodology in a more organised manner. This would enhance the clarity of the paper.	
Is the title of the article suitable? (If not please suggest an alternative title)	Original Title: Enhancing Class X students' Learning in Geography through Collaborative Approach (Focused on Class X A and B of Udzorong Central School) Suggested: Enhancing Class X students' Learning in Geography through Collaborative Approach	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Adequate however in the introduction it is mentioned that this is an 'action research' but this is not mentioned in the abstract. "Hence, this <b>action research</b> aims to determine the effectiveness of collaborative teaching and learning approaches in improving the academic performance of Class X Geography students. Specifically, it will identify the most effective collaborative learning strategies that can enhance students' understanding and application of geographical concepts." Please clarify, if this is an action research, abstract should be updated to reflect the nature of the research.	
Is the manuscript scientifically, correct? Please write here.	Check the wording of the hypothesis – does not indicate either null or alternate hypothesis. The hypothesis do not seem to be aligned to the research questions as well.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Need to include more recent references. Adhere to APA format.	
Is the language/English quality of the article suitable for scholarly communications?	Suitable for scholarly communication.	
<b>Optional/General</b> comments	<b>Need to be edited for structure and some minor grammatical inconsistencies.</b>	

**PART 2:**

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
