PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	It enables to understand the level of participation between the two sexes and to provide policy that treats both fairly. There should have been an objective that says something regarding determinant factors for men to have large size land and women to hold few. And also the methodology part should give us detail hint, but here too narrow	
Is the title of the article suitable? (If not please suggest an alternative title)	In the body, it is about comparison between women of K and I. So, the title is better if it is amended as "Comparative Analysis of the Trends of Ownership Pattern According to Intersectionality of Gender and Social Categorization in Karnataka and India (other part of India)	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It is good, but every article should start from the objective rather than talking about other things.	
Is the manuscript scientifically, correct? Please write here.	Yes, it is following scientific procedure	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, but more can be added those focused on gender issues. E.g. Etefa, D. F.(2021). Exploration of Contributions of Women in Rural Development and Determinant Factors Influencing their Participation, the case of Agricultural Cooperatives in Ethiopia.	
Is the language/English quality of the article suitable for scholarly communications?	Good	
<u>Optional/General</u> comments	Good
