

Review Form 3

Journal Name:	Asian Journal of Education and Social Studies
Manuscript Number:	Ms_AJESS_128321
Title of the Manuscript:	Promoting Peace, Justice, and Strong Institutions: A Comprehensive Approach to Counterterrorism for Global Security
Type of the Article	Scientific Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This paper is characterized by a current topic, an excellent selection of indicators for research, scientificity, methodological quality and conclusions that represent a platform for further studies. A multidisciplinary approach, enriched by the application of exact scientific methods in the selection of variables and determination of their importance, directly defines the framework for recommendations as indisputable guidelines by which the author paves the way for future research. The importance of the fight against terrorism is shown in the light of global geopolitical events, which is why the author connected historical events, their international nature and impact on basic social values such as peace and justice in a scientific way. The manuscript is a true inspiration for designing and optimizing the counterterrorism strategy based on scientific methodology, which is why this article has scientific value and exceeds the level of a review paper.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article is quite appropriate due to the fact that it contains the very core phenomena whose mutual influences and correlation are researched by the author.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract shows the direction of research in the paper in an excellent way and reflects the author's multidisciplinary methodological approach to a very appropriate extent.	
Is the manuscript scientifically, correct? Please write here.	A multidisciplinary approach in the research of key phenomena is the basis of the scientific quality of this work. The application of mathematical models in the research of social phenomena gives this work a specific scientific significance.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The author used references that are relevant, adequate, current and represent a good source for future scientific research in the field of geopolitics and strategic counterterrorism.	
Is the language/English quality of the article suitable for scholarly communications?	The required level of knowledge and use of the English language for scientific purposes has been achieved and the meaning of the content of this paper is completely clear. Therefore, the quality of the English language is certainly suitable for scientific communication.	
Optional/General comments	The article represents an original scientific approach in the field of counterterrorism matter and is strongly recommended to be necessary reference in further exploring of possible proactive ways to combat terrorism menace. The manuscript is recommended to be accepted as scientific article.	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
