Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The research results presented in the manuscript are good to know the effect of CC. In present situations such kind of experiments are needed. This MS is one of the efforts to show the effect of temperature and CO ₂ on crop growth. Will be helpful for other researchers to try it for other crops.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Is the manuscript scientifically, correct? Please write here.	Yes, comments are given at appropriate places.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes, but some more references related to LAI affecting the growth should be included.	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments	1. The effect of RDF treatment should be compared 2. The data related to dry matter production should be incorporated.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<u><i>(If yes, Kindly please write down the ethical issues here in details)</i></u>
