Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript holds significant importance for the scientific community as it addresses a critical gap in current research, providing new insights and advancing our understanding of Amaranthus plant. By presenting methodologies, data, or theoretical frameworks, it opens up new avenues for further exploration and experimentation. The findings have the potential to impact not only academic knowledge but also practical applications in agriculture. Additionally, the study contributes to ongoing discussions and debates within the field, offering a fresh perspective that can influence future research directions.	
Is the title of the article suitable? (If not please suggest an alternative title)	good	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Ok but need to correction	
Is the manuscript scientifically, correct? Please write here.		
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No, please check your paper	
Is the language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
