Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript is significant for the scientific community as it provides a comprehensive overview of the therapeutic potential and phytochemical profile of <i>Atalantia ceylanica</i> , a plant with deep roots in traditional medicine. By highlighting its antioxidant, antimicrobial, and hepatoprotective properties, the review underscores the potential of its bioactive compounds for developing novel pharmacological applications. Additionally, the manuscript bridges traditional knowledge with modern scientific research, encouraging further studies to explore the plant's unique phytochemical composition and validate its medicinal efficacy. This work could inspire advancements in drug discovery and the integration of herbal remedies into mainstream healthcare practices.	
Is the title of the article suitable? (If not please suggest an alternative title)	"Exploring the Therapeutic Potential and Phytochemical Diversity of <i>Atalantia ceylanica</i> : A Bridge Between Tradition and Modern Science"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
