Title of the Manuscript:	Applications of Drone for Crop Disease Detection and Monitoring: A Review
Type of the Article	Review Paper

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This kind of review paper is needed for the researchers who are working on image-based disease detection of crops.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is good, but it includes too much detail about the new techniques. Only a brief overview of the paper is needed, not everything. The word count can be reduced to make it shorter and more meaningful.	
Is the manuscript scientifically, correct? Please write here.	Yes. But data can be better represented using tables. The comparison is more meaningful when written using tables.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes. References are sufficient and has mix of both old and recent.	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
<u>Optional/General</u> comments
