

Review Form 3

| | |
|--------------------------|--|
| Journal Name: | International Journal of Environment and Climate Change |
| Manuscript Number: | Ms_IJECC_128311 |
| Title of the Manuscript: | Environmental Sustainability in the Digital Age: The Role of Smart Technologies in Agriculture, Urban Development, and Energy Management |
| Type of the Article | Review Article |

PART 1: Comments

| | Reviewer's comment | Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i> |
|--|---|---|
| Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part. | Yes, this review article may be important for the community in general and the scientific community in particular because it addresses three important issues: agriculture, urban development, and energy management, and links them to smart technologies in order to provide innovative solutions to achieve a balance between environmental conservation and human development. | |
| Is the title of the article suitable? (If not please suggest an alternative title) | Yes | |
| Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here. | No, the abstract does not contain the results or conclusions reached by this review. | |
| Is the manuscript scientifically, correct? Please write here. | The manuscript does not contain quantitative results. | |
| Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form. | No, as a review article that includes looking at three different areas, the references should be at least 100. | |
| Is the language/English quality of the article suitable for scholarly communications? | Yes, the language of the manuscript is good. | |
| Optional/General comments | <ul style="list-style-type: none"> - The end of the introduction should include the objective of this article or contribution to the field. - The manuscript lacks Illustrative Figures. Figures can enhance readers' understanding of your manuscript and increase the chances of it being cited. - Discuss more AI and machine learning techniques. - Discuss the challenges and potential solutions associated with integrating smart technologies and environmental sustainability. | |

Review Form 3
