

Review Form 3

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_128311
Title of the Manuscript:	Environmental Sustainability in the Digital Age: The Role of Smart Technologies in Agriculture, Urban Development, and Energy Management
Type of the Article	Review Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The article highlights the critical role of smart technologies in addressing environmental sustainability across key domains. The reference to the Government of India's role is somewhat brief. Include specific examples or programs, such as Digital India, Smart Cities Mission, or PM-KUSUM. The text focuses heavily on benefits but lacks discussion of challenges, such as high costs, technological literacy gaps, or infrastructure limitations.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract should be more concise. The transitions between agriculture, urban development, and energy management need to be smoother. The article should also reinforce the pivotal role of integrating smart technologies in achieving sustainability.	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References 1 & 4 are not included in the article	
Is the language/English quality of the article suitable for scholarly communications?	yes	
Optional/General comments	The article is well written, reference to Govt. of India can be elaborated. The article should also reinforce the pivotal role of integrating smart technologies in achieving sustainability. However, more reference papers could be added since this is a review article	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
