	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	A fair attempt but more in-depth research and references should be sought before a position can be reached.	
Is the title of the article suitable? (If not please suggest an alternative title)	No, the content is merely an opinion not necessarily a derivative of a scientific evidence from data analysis.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	I didn't see the abstract in the manuscript sent to me.	
Is the manuscript scientifically, correct? Please write here.	No it is not	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references were very few. More literature need to be cited.	
Is the language/English quality of the article suitable for scholarly communications?	Yes it was.	
Optional/General comments	The manuscript needs to be rewritten with a better in-depth search of available literature, following the global, regional then local pattern of narration. It is a good article but justice is yet to be done to its narration.
