PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The manuscript on Irrigation Regimes and Organic Amendments in Calcareous Soil is significant for the scientific community as it offers valuable insights into sustainable agricultural practices. It investigates the effects of various irrigation strategies and organic amendments on soil health, nutrient availability, and crop productivity, which are essential for boosting food security and managing soil fertility in calcareous areas. This research aids in informing best practices, promotes environmental conservation, and supports the establishment of resilient agricultural systems in the context of climate change challenges.	
Is the title of the article suitable? (If not please suggest an alternative title)	The manuscript on Irrigation Regimes and Organic Amendments in Calcareous Soil is significant for the scientific community as it offers valuable insights into sustainable agricultural practices.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, suitable	
Is the manuscript scientifically, correct? Please write here.	Yes
