Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

### Review Form 3

#### PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	It is of utmost need to enhance the productivity of all food grain crops in order to fulfil the future requirement of 1.5 billion of Indian population. This indicates to develop new technologies that can result in higher crop production and economic return. Optimization of input use in terms of chemical and bio-stimulants application to the crop plants can be a suitable option to enhance crop productivity that will ultimately benefit the farming community. In this regard there is significant impact of the findings obtained from the current research undertaken.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, the title of the article is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, the abstract of the article is comprehensive.
