Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Statistical data has been provided to illustrate prevalence of HIV and AIDS, is drawn from credible sources like WHO and countries involved in the study. To put the reader into context key terms HIV and AIDS are clearly explained. Also impacts of HIV and AIDS on society are unpacked as demographic, social, economic, health, and educational, to give a clear picture on the nature of impact. Viewing of HIV and AIDS from this inclusive perspective provides readers with opportunities to understand how society is affected. HIV and AIDS counsellors are therefore provided a rich premise which assists them to do their job better. The researcher has also highlighted limitations of the study giving room for other researchers to contribute to the current study. This a well presented desk research.
