	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript provides valuable insights into the use of biofertilizers and bioinoculants for improving the yield, nutrient status, and soil health of <i>Mango</i> . The findings contribute to the growing body of knowledge on integrated soil management and plant nutrition, highlighting eco-friendly alternatives to chemical inputs that can help improve soil microbiome diversity, boost plant growth, and increase fruit quality.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, but need to add result of important parameters in abstract	
Is the manuscript scientifically, correct? Please write here.	Yes, this manuscript presents a clear interpretation of biofertilizers and bioinoculants influence both plant growth and soil health	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	No, Include recent literatures	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	-
