Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The review paper entitled " STUDY OF DRYING CHARACTERISTICS OF TURMERIC SLICES IN SOLAR-BIOMASS HYBRID DRYING SYSTEM " summarizes the drying characteristics and evaluation of solar-biomass and hybrid drying system for turmeric slice drying . This study may helpful for the commercial applications of turmeric drying. The authors present the drying studies calculating the drying efficiencies and instantaneous drying rates with drying time. The manuscript draft is well-written and deals with an important topic of a renewable energy The material will be of interest to the readers of this journal. To me, there are no substantial challenges to this research manuscript being published.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes

Optional/General comments	<ol style="list-style-type: none"> 1. Table No should be checked for typographical mistakes 2. Conclusion should be elaborated 3. Use standard format for references 4. Material & Method section should include the formulas for calculating drying rate, drying efficiencies, solar insolation, moisture content 	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
