Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

**Review Form 3**

**PART 1: Comments**

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	A study undertaken to highlight the need for assessing the knowledge, attitude and practices of Pharmacists who would be solely responsible for dispensing of the medications to the consumers(patients) is of utmost importance. The sound knowledge and skills that the pharmacists are bound to display when dealing with such a sensitive issue which has its legal foundations need to be addressed. Training and sensitization of Pharmacists at periodic time intervals would help promote care and enhance better understanding and approach towards this subject of prime importance.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, it is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Mention a few key-words at the end of the conclusion in the abstract.	
Is the manuscript scientifically, correct? Please write here.	Yes.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes they are taken from recent sources.	
Is the language/English quality of the article suitable for scholarly communications?	Yes.	
<u>Optional/General</u> comments	In the section mentioned eligibility criteria, the Age range of Pharmacists undergoing the study if mentioned would be suitable. Language used in the mail, Consent form etc should have been mentioned (English or native local dialect).	

**PART 2:**

zAre there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
