Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This manuscript highlights the diagnostic and surgical challenges associated with rare jejunal gastrointestinal stromal tumors (GISTs) presenting as recurrent lower gastrointestinal bleeding, a scenario that remains underreported in medical literature. This report serves as a valuable resource for clinicians and surgeons, emphasizing the need for a multidisciplinary approach to optimize outcomes in such complex cases.	
Is the title of the article suitable? (If not please suggest an alternative title)	The current title, "Jejunal Gastrointestinal Stromal Tumour Presenting with Lower Gastrointestinal Bleeding with Anaemia – A Case Report," is descriptive and captures the key elements of the case. However, it can be refined for brevity and impact. Here's a suggestion: "Jejunal Gastrointestinal Stromal Tumor Presenting as Recurrent Lower GI Bleeding and Anemia: A Case Report"	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract of the article is well-structured and provides a good overview of the case. However, there is room for improvement to make it more comprehensive and impactful	
Is the manuscript scientifically, correct? Please write here.	Based on the provided content, the manuscript appears to be scientifically correct and aligns with current knowledge about gastrointestinal stromal tumors (GISTs).	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Add some latest references Satyendra K Tiwary., <i>et al.</i> "Jejunal Gist Presenting as a Chronic Anemia". <i>Acta Scientific Surgical Research</i> 2.1 (2023): 15-18.	
Is the language/English quality of the article suitable for scholarly communications?	The language of the article is generally clear and conveys the intended information effectively.	
Optional/General comments	Highlight the importance of recognizing jejunal GISTs as a differential diagnosis in patients with chronic anemia and unexplained lower gastrointestinal bleeding I declare that I have no competing interest as a reviewer	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
