Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.		
Is the title of the article suitable? (If not please suggest an alternative title)	<p>The title is clear and informative, but it does not explicitly state the study design (cross-sectional survey).</p> <p>Add "Cross-Sectional Study" to the title for clarity, e.g.,</p> <p><i>"Effects of COVID-19 on Dental Surgery Teaching Methods Among Final-Year Students in Nigeria: A Cross-Sectional Study."</i></p>	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	<p>The abstract summarizes the study well but lacks specific details on methodology (e.g., sampling technique) and key statistical results.</p> <p>Include statistical findings such as p-values in the results section of the abstract.</p> <p>Briefly describe the sampling method in the abstract (e.g., convenience sampling).</p>	
Is the manuscript scientifically, correct? Please write here.	<p>Please also add about the reasons including anxiety.</p> <p>In the methodology add the time period when did you collect the data?</p> <p>Clearly state the inclusion criteria for selecting the four institutions and explain why these institutions were chosen .</p> <p>Include information on whether the questionnaire was pretested or validated to ensure reliability and validity.</p> <p>Include details on statistical tests used (e.g., chi-square, t-test) and explain how missing or incomplete data were handled.</p>	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	<p>Incorporate them in your study</p> <p>Majeed MM, Anwar M, Uzair M, Bashir MB, Syeda NI, Tanoli NA. Fear of COVID-19 in dentistry students: an evaluation of their knowledge and practices. Pakistan Journal of Public Health. 2022 Sep 29;12(3):122-6.</p> <p>Majeed MM, Anwar M, Bhatia MR, Khan N, Butt MM, Tabassum U, Durrani MS.
