Important Policies Regarding Peer Review

Peer review Comments Approval Policy: <https://r1.reviewerhub.org/peer-review-comments-approval-policy/>

Benefits for Reviewers: <https://r1.reviewerhub.org/benefits-for-reviewers>

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	In recent years, the demand for quality meat for human consumption has increased significantly worldwide. Therefore, the adoption of hygienic practices in meat production and processing is of great importance for stakeholders to achieve high quality and safe meat production that would further enhance and supplement human nutrition. Therefore, this study will valorize the aspects of primary production practices including hygiene in feeding and environment, animal health management and biosecurity measures among farmers. The results of the present study will promote the adoption of hygienic production and handling practices in all segments of the red meat value chain.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes, but with few modification The proposed title of this manuscript should be: Adoption of hygienic meat production and handling practices among value chain stakeholders of chevon and carabeef in Kerala, India.	

Review Form 3

<p>Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.</p>	<p>The abstract is not comprehensive as it lacks the correct sequence of components such as background, purpose, focus, methods, results and conclusions.</p> <p>I suggest that the author reorganize the presentation pattern to address the following brief components: background, purpose, focus, methods, results, and conclusion. I also suggest that the summary of results in Tables 1, 2, and 3 should be included in the abstract.</p>	
<p>Is the manuscript scientifically, correct? Please write here.</p>	<p>Yes</p>	
<p>Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.</p>	<p>The references are NOT sufficient as the author only provided few non-recent references. In addition, some references are misquoted and do not support the cited results or claims.</p>	
<p>Is the language/English quality of the article suitable for scholarly communications?</p>	<p>The spongy English language used by the author needs to be revised.</p>	
<p><u>Optional/General</u> comments</p>	<p>On behalf of the editorial team of the journal, I thank you for your efforts to produce a manuscript that may be of interest to the research community.</p>	

PART 2:

	<p>Reviewer's comment</p>	<p>Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i></p>
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
