Review Form 3

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Artificial intelligence can assist nurses in monitoring patients through advanced technology devices and sensors, identifying early signs of complications and recommending timely interventions. Low cost AI ensures that even resource controlled hospitals can adopt technology for better care. It makes easier for small clinic and at rural health centres to benefit from such advanced technology.	
Is the title of the article suitable? (If not please suggest an alternative title)	Suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Benefits and challenges of low cost AI should be mentioned in the abstract.	
Is the manuscript scientifically, correct? Please write here.	Supporting evidenced based reviews regarding use of AI should be added.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Recent reviews must be added.	
Is the language/English quality of the article suitable for scholarly communications?	Yes the language is good for scholarly communication	
<u>Optional/General</u> comments	Scope of AI in nursing should be explained in detail. Criteria for application of low cost AI must be discussed effectively. Supporting studies are very precise, there should be a complete information about the references.	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
