PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Considering that this article addresses eating behaviour, it is very instructive.	
Is the title of the article suitable? (If not please suggest an alternative title)	It is appropriate, indeed.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	I would like to add something new to the results area, and I would like to write a little abstract objective.	
Is the manuscript scientifically, correct? Please write here.	Correct	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Enough, but three or more current publications from 2021 forward could be included.	
Is the language/English quality of the article suitable for scholarly communications?	If at all possible, the quality of the English language can be raised.	
Optional/General comments	<p>Comments:</p> <ol style="list-style-type: none"> Your paper's "abstract" section should have a more succinct and anticipatory objective than the "introduction" portion. When describing results, the "abstract" section might highlight. In the "introduction" or "Materials & Method" section, briefly describe the Chinese Cross-Sectional Study. Fig. 2's image quality has to be improved to at least 300 dpi. There is room to improve the English language
