

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_129015
Title of the Manuscript:	A review on The Potential of Ginger Essential Oil-Based Nanotechnology for Controlling Tropical Plant Diseases
Type of the Article	Review Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Essential oils have garnered recognition for their natural biological properties. In recent years, the usage of essential oils in nano-emulsion systems has emerged as a promising frontier in food safety and preservation. This innovative system of combining essential oils with nano-emulsions has the potential to revolutionize antimicrobial techniques.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No. The abstract went beyond the scope of the study's objective as stated in the title.	
Is the manuscript scientifically, correct? Please write here.	No Many topics have been added to the manuscript that are not related to the core of the study.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are too many.	

Review Form 3

<p>Is the language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p><u>Optional/General</u> comments</p>	<ul style="list-style-type: none"> - The introduction should be in one section. - The introduction needs to be paraphrased. - The introduction needs to present previous research in this field, what it has reached, and what is new in this research. - The section: (II. Tropical Plant Diseases: A Growing Concern) is superfluous. - The author(s) must talk more about the Bioactive Compounds in GEO. - The structure of the sections and subsections needs to be reordered. - The section: (Evidence of Efficacy Against Bacteria, Fungi, and Viruses) need more details. - Most subjects irrelevant to the scope of this study. - Most sections seem more like a lecture than a manuscript. - The references in text are very few. - The conclusion should contain the most important results obtained through the study, in a way that is consistent with the content of the study. <p>PLEASE SEE ATTACHMENT</p>	

PART 2:

	<p><u>Reviewer's comment</u></p>	<p><u>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</u></p>
<p><u>Are there ethical issues in this manuscript?</u></p>	<p><u>(If yes, Kindly please write down the ethical issues here in details)</u></p>
