Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	An Economic Analysis of Market Efficiency, Costs and Price Spread in Marketing of different crops will help policy makers to understand the bottlenecks and improve the market infrastructure and achieve market efficiency, better price for farmers and supply of commodities to consumers at reasonable price. Efficient marketing should be such that the agri produce should reach the consumer in a good state without damage, with less cost and the same time the producer should get maximum share in consumer's rupee. Given the prominence of Sorghum crop in India, the present study may be useful. It is suggested to the author to make a review of literature on the subject and find out research gap and clearly mention one or 2 sentences about the rationale for this study, importance/significance.
